### **Requirements for Course Enrollment and Completion / Description of the Method/Rationale for Determining the Number of Study Hours Required to Complete the Program**

Participants enroll for the program through our website: [www.xyzwebsite.com](http://www.xyzwebsite.com). The cost for the program is \$xx.00 and participants may enroll at any time. Participants are given xx days/weeks to complete the program.

The program consists of 15 pages of course reading material which includes text, diagrams and photos. After each section, participants read a summary and then click to advance to the next section. At the end of the program, participants must complete a 10-question quiz to be evaluated by the course instructor. As per the RACE Standards, participants must pass the quiz with a score of 70% or better in order to receive their certificate of attendance. Based on page count and a survey of past participants, this course takes at least one hour to complete in order to read the materials, participate in the message boards, and complete the post-test.
