

## Transcripts that Cannot be Requested by the AAVSB

Updated: 2/13/2026

The following schools do not allow the AAVSB to request transcripts on your behalf. If you attended one of these schools, your transcript will not be included as part of VAULT Premium. These schools require that you request your transcript separately.

In addition, some Boards do not accept transcripts via VAULT Premium. If this is the case, you will need to request your transcript, even if it is already on file with the AAVSB (see the map on the next page for the jurisdictions that do not accept transcripts via Premium).
